In no event will Campbell or any third party be liable for any direct, indirect, incidental, or consequential damages resulting from any defect in or use of the Site. We make no warranty or representation that (i) the operation of the web site will meet the user's requirements; (ii) access to the web site will be uninterrupted, timely, secure, free of viruses or other harmful components, or free of errors; (iii) defects will be corrected. a. This Site and its contents, including, but not limited to, the Secure Site Information, the Features, and all other content, are for informational purposes only. If you wish to obtain further details about any information contained on this Site, please contact us using the information at “Contact Campbell”.

b. You alone or those acting on your behalf, will need to evaluate the merits and risks associated with the use of this Site. Decisions based on information obtained from this Site, including, but not limited to, the Secure Site Information, other content from the Secure Site, or the use of the Features are your sole responsibility, and before making any decision on the basis of such information, you should consider (with or without the assistance of an IP), whether such information is appropriate in light of your particular investment needs, objectives and financial circumstances.

c. Although this Site may, from time to time, provide information relating to approaches to investing, types of instruments and investments you or your IP Customers might buy, sell or hold, no information available through this Site is intended or should be construed as any advice, recommendation or endorsement from us as to any legal, tax, investment or other matter. Nothing on this Site shall be considered a solicitation or offer to buy or sell any security, future, option or other financial instrument or to offer or provide any investment advice or service to any person in any jurisdiction. Nothing contained on this Site constitutes investment advice or offers any opinion with respect to the suitability of any financial instrument, and the views expressed on this Site should not be taken as advice to buy, sell or hold any investment. In preparing the information contained in this Site, we have not taken into account the investment needs, objectives and financial circumstances of any particular person. In addition, certain performance information set forth on this Site may be considered to be simulated or hypothetical. Hypothetical or simulated performance results have certain inherent limitations. Unlike an actual performance record, simulated results do not represent actual trading. Also, since the performance presented does not represent an actual investment portfolio, the results may have under- or over-compensated for the impact, if any, of certain market factors, such as lack of liquidity or market disruptions. Simulated investment programs in general are also subject to the fact that they are

designed with the benefit of hindsight. No representation is being made that any investment product will or is likely to achieve profits or losses similar to those shown.

Finally, statistical results have certain inherent limitations. Statistical results have certain inherent limitations.
