**This report describes changes to the Fund that occurred during the reporting period.**

## WHAT WERE THE FUND COSTS FOR THE PAST YEAR? (based on a hypothetical \$10,000 investment)

Class Name	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
Class C	\$278	2.75%

## HOW DID THE FUND PERFORM LAST YEAR AND WHAT AFFECTED ITS PERFORMANCE?

The Fund produced net gains during the 12-month period ended August 31, 2024, outperforming the SG CTA Index, which returned -0.65% over the same period.

### POSITIONING

The exposures affecting performance included gains in equity index derivatives and losses in commodity futures, fixed income futures, and foreign exchange forwards. For the majority of the reporting period, the Fund maintained a net long position in equity index derivatives, a net short position in fixed income futures, and varied positioning in commodity futures and foreign exchange forwards.

### WHAT FACTORS INFLUENCED PERFORMANCE?

From a strategy perspective, the Fund trades a variety of systematic models which are grouped into momentum, quant macro, and short-term strategies. Momentum strategies were the most profitable strategies during the period, primarily gaining in equity indices and commodities and experiencing losses in fixed income and foreign exchange. Short-term strategies were also profitable, gaining in equity indices and fixed income markets and experiencing losses in foreign exchange and commodities. Finally, the quant macro strategies were unprofitable during the period, with losses in commodities, equity indices and fixed income more than offsetting gains in foreign exchange.

1 Effective with this report, and pursuant to new regulatory requirements, the S&P 500 Total Return Index is included as a broad-based securities market index that represents the overall applicable domestic equity markets.

2 The SG CTA Index replaced the BarclayHedge BTOP 50 Index as a more narrowly based index that reflects the market sectors in which the Fund invests.

3 The Fund commenced operations on March 8, 2013 as a separate portfolio (the "Predecessor Fund") of Equinox Funds Trust. Effective May 29, 2020, the Predecessor Fund was reorganized as a new series of The RBB Fund, Inc. The performance shown for periods prior to May 29, 2020 represents the performance of the Predecessor Fund.

**Material Fund Changes:**

This is a summary of certain planned changes to the Fund since September 1, 2023. For more complete information, you may review the Fund's next prospectus, which we expect to be available by December 31, 2024 at <https://www.campbell.com/systematicmacro> or upon request at 1-844-261-6488. The Board of Directors (the "Board") of The RBB Fund, Inc. (the "Company") solicited approval from shareholders of the Fund, a series of the Company, for a proposed new investment advisory agreements between Campbell & Company Investment Adviser, LLC (the "Adviser"), the investment adviser of the Fund, and each of the Company, on behalf of the Fund, and the Fund's subsidiary, Campbell Systematic Macro Offshore Limited (the "Subsidiary") (collectively, the "New Investment Advisory Agreements"). The New Investment Advisory Agreements are required as a result of the long-planned transition of majority ownership (the "Transition") of the Adviser's parent company, Campbell & Company, LP ("Campbell & Company"). The Transition is the result of long-term business continuity and succession planning by Campbell & Company, pursuant to which senior executives and employees will increase their ownership to 80%, by redeeming a portion of the interests held by founder D. Keith Campbell, his family and his related entities, who will continue to own 20% of Campbell & Company. The redemption proceeds will be paid to the Campbell family over a ten-year period based on a percentage of revenues in excess of a threshold designed to protect working capital and reserves, which threshold will be adjusted each year for inflation. As a result, the Transition is expected to further align the interests of Campbell & Company, its executives and employees, and its founder, as they continue to participate in the success of the firm. The new Investment Advisory Agreements are substantially similar to the Adviser's current agreements on behalf of the Fund and the Subsidiary. There will be no increase in advisory fees. The Adviser's current portfolio managers will continue to manage the Fund and the Subsidiary according to their current investment objectives and investment strategies. The Adviser does not expect the Transition to have any material impact on the quality of investment advisory services provided to the Fund and the Subsidiary. The Board has unanimously voted to approve the New Investment Advisory Agreements and shareholders of the Fund approved the New Investment Advisory Agreement at a shareholder meeting held on October 25, 2024.
